

# Fabric & Rubber Seals

Increase Seal Durability & Longevity

---

For more than 45 years, H&D has developed sealing solutions with innovative rubber and fabric materials. From our extensive in-house inventory to our engineered sealing solutions, we can give you more fabric and rubber options to extend your product lifetime.

# Fabric & Rubber Seals

## High-Quality Seals at a Competitive Price

Based on your unique sealing needs, H&D's technical team will work with you to determine the best solution. From off-the-shelf fabric and rubber seals to handcrafted customized products, we are able to provide high-quality seals at a competitive price.

## Features & Benefits

- Improves wear resistance and extends seal life
- Resistant to contamination and abrasion
- Combines compressive strength and flexibility with high-pressure, anti-extrusion capabilities
- Outperforms other seal materials for less than ideal surface finishes or fluid cleanliness

## Rubber

- NBR (Nitrile, Buna-N)
- HNBR
- Neoprene
- FKM (Viton®)
- EDPM

## Fabric

- Cotton blends
- Synthetic (Nylon®)
- Aramid (Kevlar®)

## Applications

- Pump packing
- Choke packing
- Piston seals
- Rod seals
- Oil seals
- Gaskets
- Plungers
- Seats
- Diaphragms
- U-cups
- Special shapes and configurations
